

Who may qualify for the Caring Breaths Program?

- Applicants (patients and their primary caregivers) to this program can submit expenses associated with lung transplantation, living with a lung disease, and radon mitigation.

To be eligible:

- Individuals must be Saskatchewan residents
- Expenses must be incurred within the past 12 months
- Applicants may receive up to \$500 per calendar year, except for patients and their caregivers who are awaiting or who have received a lung transplant may receive up to \$1000 per calendar year

What expenses may be reimbursed?

- Cost of bills to maintain Saskatchewan primary home residence while in Edmonton for a lung transplant.
- Travel and accommodations for medical care/appointments not previously covered. *Eligible potential expenses include travel and accommodations for medical appointments within a 50 km distance. (Travel and accommodations greater than 50 km apply to the Telemiracle Kinsmen Foundation)
- Cost of a private company to maintain care for Saskatchewan primary home residence if individuals are unable to do so due to their lung disease.
- Pulmonary Rehabilitation home-based equipment.
- Prescribed medical equipment not previously covered.
- Prescribed medical equipment rental costs. Please note: Funding should first be requested from SAIL or SaskAbilities.
- Pulmonary Rehabilitation enrollment fees.
- Costs associated with radon mitigation for their primary residence.

What information is needed apply to Caring Breaths?

1. **Application:** Fill out the [online application](#).
2. **Copy of receipts:** Upload the receipts of expenses being requesting for reimbursement.
3. **A referral from any health care provider.** See referral form attached. (You do not need this form filled out if applying for radon mitigation). Upload the referral form when filling out the application online, or it can be emailed directly to caringbreaths@lungsask.ca

OR

Radon mitigation / reduction recipients. Mitigation work must be completed by a certified Canadian-National Radon Proficiency Program (C-NRPP) radon reduction expert. Reimbursement will only be considered for an applicant's primary residence.

The program is not a guaranteed refund or a rebate program. Our reimbursement program is assessed on a case by base basis. If an application meets the program's criteria for potential funding, the amount an applicant is reimbursed is provided based on need and funds available. Caring Breaths is designed to be complementary to other established financial assistance programs in the province of Saskatchewan.
